# CHALLENGE DISCOVERY PROJECTS

## WHAT IT'S ALL ABOUT...

**Challenge Discovery Projects** promotes emotional wellness for children and their families in Greater Richmond through programs focusing on emotional health, bullying prevention, substance abuse and trauma.

Challenge Discovery Projects, a Virginia-based 501(c)3 non-profit corporation, was founded in 1980. Challenge Discovery Projects supports its mission by providing school-based and community programs for at-risk youth that address emotional health, substance abuse treatment, bullying prevention and trauma-informed counseling. In addition, Challenge Discovery Projects offers emotional health and substance abuse counseling to the deaf and hard of hearing. These opportunities are provided regardless of a client's ability to pay. Challenge Discovery Projects provides services for over 500 youth and adults annually in our community; over 36,000 individuals have been served since 1980.

### SOCIAL EMOTIONAL LEARNING AND BULLYING PREVENTION

Our social emotional learning and bullying prevention program is designed for grades K-12. It encourages healthy self-image, effective communication, and positive relationships within the school community.

### BEHAVIORAL HEALTH AND ADOLESCENT SUBSTANCE ABUSE COUNSELING

Challenge Discovery Projects operates an adolescent outpatient emotional health and substance abuse clinic located in Richmond's East End that provides counseling services for youth and their families who face a multitude of challenges.
